MIRAE ASSET
Mutual Fund

Mirae Asset India Opportunities Fund

(An open ended equity oriented scheme)

Mirae Asset India Opportunities Fund (MAIOF) is a multi-cap oriented fund that invests across market caps (large, small & mid-cap) & sectors. The fund adopts a dual strategy of core as well as tactical allocation^. This dual investment approach enables it to target long-term appreciation while at the same time capturing short-term opportunities.

FUND FEATURES

Flexible Investment Approach	Flexibility to invest across sectors and market caps
Investment Portfolio	Focus on businesses that are better positioned to meet the current macro challenges, need little capital to grow / maintain cash flow, display superior management and are available at attractive market valuations.
Portfolio Construction	• Core & tactical allocation^ • Capitalize on Long term & Short term opportunities
Fund Size	Agility in responding to market volatility thereby capitalizing on investment opportunities.

^The fund manager has the flexibility to follow a focused approach on the investments and may relatively aggressively manage the portfolio & hence the portion of the core & tactical portion may vary accordingly.

PORTFOLIO STRATEGY (Core portion)

- **Growth at Reasonable Price**
  - The fund focuses on companies with sustainable Competitive Advantage
  - An absolute bias for a reasonable 'Margin of Safety'
- **Early-cycle investing**
  - The fund endeavors to identify future growth themes at an early stage
- **Contrarian approach**
  - Opportunities arising from turnarounds, restructuring, Mergers & Acquisitions etc.

PORTFOLIO STRATEGY (Tactical portion)

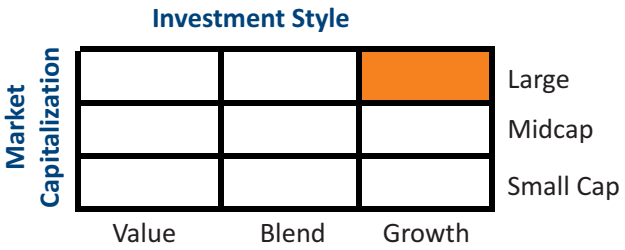
Short to medium term opportunities based on fundamental triggers.

Tactical portion targets to opportunities based on short-to-medium term triggers related to:

- Macro data-points
- Corporate actions
- Special Situations: To seek misappraised opportunities when good businesses are available at attractive prices, owing to factors that impair prospects only in the short-term.

INVESTMENT STYLE

Flexibility to invest across sectors, market caps, themes & styles



^The fund manager has the flexibility to follow a focused approach on the investments and may aggressively manage the portfolio & hence the portion of the core & tactical portion may vary accordingly.

Mutual fund investments are subject to market risks, read all scheme related documents carefully
